TOLD HOW METER

RAN BACKWARDS.

Expert Shows Court Bath's Method of Swindling The Electric Companies.

New York, Oct. 10.—For the edification of the judges of special sessions court, Dr. George F. Seaver, professor of electrical engineering in Columbia university, explained to them the mechanism of a little contrivance which, attached to an electric meter, not only will prevent the meter from registering the amount of electricity expended, but if desired will cause the meter to go backward instead of forward.

This contrivance is an electro-magnet, contained in an oblong box, with side pieces so that it may conveniently be placed over the meter. The inventor of this swindling device, Herman Bath, had just admitted his guilt. It was said that not only had he sold several of the magnets for \$200 each, most of which were installed in saloons, but at the time of his arrest he was constructing a larger one, which was to be bought by a concern where a large amount of electricity is needed day and night. Bath will be sentenced on Friday.

NEW YORKER MYSTERIOUSLY SHOT ON TRAIN IN DETROIT.

Stranger Runs Through Car and Fires at Sleeping Man.

Detroit, Oct. 10.—Andrew Green of 618 Manhattan street, New York, was the victim of a mysterious shooting last night in the Washburn railroad yards.

He was in the smoker of an eastbound passenger train which was being switched to the car ferry when a stranger, apparently twenty-five years old, ran through the car and shot the New York man as he slept in his seat. There were only three other passengers in the car, and the assailant jumped from the train and escaped before the other passengers could realize what had happened.

At Grace hospital it was found that the bullet had struck Mr. Green in the wrist and thigh. The latter wound, while serious, it is not regarded as dangerous. Mr. Green says he has no enemies.

CUBS WON

FROM TIGERS

Game Was Slow on Account of Poor Pitching

MULLIN AND PFEISTER

Chicago Bunched Hits Off the Tiger Twirler, and Mullin's Own Wildness Contributed to the Defeat.

Chicago, Oct. 10.—The Chicago National league team defeated the Detroit American league team in the second game of the series for the world's championship yesterday afternoon. The score was 3 to 1. Slow pitching and several slight accidents caused the contest to drag greatly and the delays tried the patience of the big crowd, which again filled almost every inch of seating room. Mullin and Pfeister were the pitchers and Payne was behind the bat in place of Schmidt. Otherwise the teams lined up as on the preceding day. Schmidt's retirement was due primarily to his inaccurate throwing, but in this respect the change brought small improvement, as the five stolen bases credited to the local team testified. Playing conditions were improved. The crowd numbered 21,201.

Detroit scored in the second inning on Rossman's three-bagger and Payne's short fly, which neither Tinker nor Sheppard tried for. Chicago tied the score in the same inning, when Kling, Evers and Schmidt singled in succession and Mullin forced in a run with a base on balls to Tinker.

The winning runs were made in the fourth. Tinker singled, was sacrificed, stole third and went home when O'Leary fumbled Slagle's grounder. Slagle stole second and scored on Sheppard's two-base hit. The score:

CHICAGO	ab	r	h	bi	po	a	e
Slagle, c f	3	1	1	3	0	0	0
Sheppard, 1 f	3	0	1	2	0	0	0

JURY GIVES \$100,000 FEE TO MRS. MCKICKER'S DOCTOR.

Estate of Theatrical Man's Widow Must Pay Full Claim.

Chicago, Oct. 10.—A jury yesterday rendered a verdict against the estate of Mrs. Harriet G. McKicker in favor of Dr. L. G. H. Ziegler for \$100,000. Mrs. McKicker was the widow of James H. McKicker, the well-known theatrical manager of this city, and for many years the owner and manager of McKicker's theatre. She died several years ago in California, and Dr. Ziegler claimed \$100,000 from the estate by virtue of a contract which he said he had made with Mrs. McKicker to give her his exclusive attention during the remainder of her life. She, according to the claims advanced by Dr. Ziegler, was to leave him that amount in her will.

After her death the physician brought suit to recover the same, and the jury awarded him the full amount.

CHICAGO LID ON.

Once More The Reform Wave Has an Inning.

Chicago, Oct. 10.—The "lid" went down at 1 o'clock yesterday morning. Not only was every saloon in Chicago closed tight, but the gamblers were not in evidence.

Public sentiment, the recent report of the grand jury and a sweeping order issued by Chief of Police Shippey seem to have brought about reform.

Every police inspector hereafter will be held responsible for gaming and violations of the 1 o'clock closing ordinance in his division. The detective bureau will be transformed into a great shoo-fly brigade to keep a check on the work of the outlying divisions.

TO Cure a Cold in One Day

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

AN AGED DON JUAN.

Lothario of 79 Charged With Alienating Wife's Love.

Philadelphia, Oct. 10.—Charles Griffith, 79 years old, of Morristown, was held in \$500 bail by Magistrate Grell on the charge of alienating the affections of Mrs. Elwood Miller of Manayunk, 65 years old. In his defence Griffith said in court:

"I got a right to take any woman I like if she will go with me. I got a right to any man's wife if she likes me better than him. 'Tain't wrong; it's human nature."

Mrs. Miller's husband was the complainant.

MAKE BEST

HOME MIXTURE

Prescription For Rheumatism and Kidney Troubles

MULLIN AND PFEISTER GIVES RELIEF PROMPTLY

Get These Ingredients from the Drug Store and Mix Them at Home—Relieves Nearly Every Person Who Tries It in Time.

A large health publication tells its readers of a number of simple and safe prescriptions that can be made at home. The following, however, for the cure of rheumatism and kidney and bladder troubles receives the greatest praise, viz. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle.

The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is further stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic afflictions, relieving the aches and pains and reducing swellings in just a short while.

A well-known local druggist states that this mixture acts directly upon the eliminative tissues of the kidneys; cleanses these organs and gives them power to sift and strain the poisonous waste matter and uric acid from the blood, which is the cause of rheumatism.

Cut this out and hand to some sufferer which would certainly be an act of humanity.

AMERICAN NAVAL OFFICER TAKES AUSTRALIAN BRIDE.

Lieut.-Commander Wells and Marion Leigh Dixon Married in England.

London, Oct. 10.—Lieut.-Commander Chester Wells, U. S. N., was married at the Chapel Royal, Savoy, yesterday, to Marion Leigh Dixon, youngest daughter of Hugh Dixon of Sydney, Australia.

The ceremony was performed by the rector of the church in the presence of a large congregation including many Americans—among them was Mr. and Mrs. Colwell of Philadelphia, Commander Gibbons, the American naval attaché here, and Mrs. Gibbons, and the father of Lieut. Wells, Commander Gibbons acted as best man.

Lieut. Wells is acting as inspector of armaments at Weymouth, where torpedoes are being constructed for the use of the United States navy.

AMERICA TO TAKE LEAD IN AERONAUTICS, SAYS FIALA.

Explorer-Aeronaut Predicts Airship Revolution Within Five Years.

Washington, Oct. 10.—"A revolution in aerodynamics before five years have passed," is the prediction of Anthony Fiala of Brooklyn, the aerie explorer and airmail navigator, who is in Washington. Fiala thinks the activity in aeronautics points to important results in the near future.

"There can be no doubt that great progress has been made in the last two years," he said, "and even the most skeptical earthenman finds himself forced to admit that wonders have been accomplished which he never dreamed of."

Fiala thinks the United States has begun to assume the lead in aerial activity. American balloons being always among the first in international contests.

ROOT SEES OLDEST CITY IN NEW WORLD.

Visited Sun and Moon Pyramids at San Juan and on Way to Train Went Under Arches in Their Honor.

San Juan, Mex., Oct. 10.—Secretary Root, Mrs. and Miss Root and party of guests have visited what is probably the oldest city in the new world.

The party left the capital at 10 o'clock in the morning, bound for their journey into the tropical climate, where they will be the guests of the cities of Puebla and Orizaba.

This place was reached before noon and the entire party left the train and took carriages over the rough roads to the two great pyramids of the Sun and Moon.

After this stop the party returned to the train through arches built by the people of the town, and continued their journey toward Puebla.

CATARRH IS CURABLE

Successful Experiments in Abating and Curing This Disease.

Catarrh is an entirely unnecessary disease, and should not be tolerated for a single day now that Hyomei is so generally known and has made so many cures in Barre and other towns.

Until comparatively recent times catarrh was thought to be a blood disease, and stomachs dosing the only treatment. Modern science finally disproved this idea of the cause of catarrh, and found that it was a germ disease, and after many experiments the remedy was decided to be Hyomei.

Hyomei mediates the air you breathe; it kills the catarrhal germs; it heals the smarting and raw membranes of the passages in the nose and throat; it cures all catarrhal troubles.

As there is life and health in the air in the mountain-tops where the pine forests give off their fragrant and healing balsams, so there is life and health in breathing Hyomei. There is no need of suffering from catarrh if the simple and natural treatment of Hyomei is used.

So sure is this prescription to cure even the worst cases of catarrh that Rickett & Wells of the Red Cross Pharmacy sell it under an absolute guarantee to refund the money if it does not do all that is claimed for it.

WINCHESTER

MYSTERY IS DEEPENED

Of Rich Girls Disappearance From New York

WHEREABOUTS UNKNOWN

The Heiress Not Aboard the Majestic With Young Clarkson, the Englishman, Who, It Was Believed, She Had Wed.

New York, Oct. 10.—The mystery which surrounds the disappearance of Miss Helen Maloney or Mrs. Samuel Clarkson, who is said to be one of the most wealthy heiresses in the world, is increased by news from London indicating that she is not on board the Majestic.

CARTRIDGES

For Rifles and Pistols

Winchester make of cartridges in all calibers from .22 to .50 are accurate, sure fire and reliable. In forty years of gun making we have learned many things about ammunition that no one could learn in any other way. When you buy Winchester make of cartridges you get the benefit of this experience.

WINCHESTER REPEATING ARMS CO., NEW HAVEN, CONN.

NAMES REAL BOY'S CHUM BEANY IN CASE

Bemis Cross Libel in Divorce Suit—Mrs. Bemis Says She Paid the Bills.

Pittsfield, Mass., Oct. 10.—"He never spent \$1 for clothes, medicines or doctor's bills since we have been married," exclaimed Mrs. Grace Judith Mary Bemis of Cambridge, on the stand in the superior court in the divorce suit brought against her husband, Arthur H. Bemis of Williamstown. She continued:

"In one quarrel he pointed a revolver at me and threatened to shoot me. He kicked me in the stomach, and it hurt me."

"He threw me down and violently abused me at other times. I worked from 8 in the morning until 1 the next morning, and my life has been one of suffering and misery."

Last August Bemis filed a cross libel, naming Elbridge J. Watson, now of Lowell, and the real "Beany Watson" of Judge "Plumpy" Shute's famous book, "The Real Diary of a Real Boy." Watson's wife is the real "Lizzie Tolson" whom "Beany Watson" courted in the book.

The examination of Mrs. Bemis before Judge King was conducted by General Charles W. Bartlett.

She was a bookkeeper in a Boston store at the time of her marriage and Bemis was a clerk there, she said.

She testified that the Saturday night before their marriage Bemis left his job and was out of work for six months. She then kept lodgers, sewed and raised birds for a living. While in Waltham, they frequently quarrelled. In Andover Bemis kept a boarding house for Phillips Andover students.

Eventually Bemis went into bankruptcy in Andover and they sold their household goods, so Bemis could buy the Williams Inn at Williamstown. At the close
